

our strategy | 2011 - 2015

our vision is to see the children and young people of Scotland exploring the Bible and responding to the significance of Jesus.

our values are dependence on God and deepening relationships.

over the next **5 years** we will have...

6 key **aspirations** for children and young people
deepening relationships | exploring the Bible | responding to the
significance of Jesus | praying | equipped for service |
supported with more volunteers and staff

5 major **streams** of work
schools | residential | missions | on-line | training/equipping

4 **emphases** to shape our ministry
prioritising the disadvantaged | working with the church |
recognising the family context | evaluating the quality
and effectiveness of our ministry

what will this **look like?**

over the next **five years** we will...

continue to **grow**...

schools work | mission events | school and holiday residentials | SU *ignite* membership | prayer events | schools prayer network | volunteer and staff teams | action groups | gap year opportunities

place **fresh importance** on...

training young people to share and live out their faith | stimulating our commitment to SU International | discipling and mentoring young people | involving children and young people in the planning and leadership of SU events

resource the ministry by...

providing Bible engagement training and resources | training staff and volunteers to understand and take account of family contexts

establish **6 key projects** to...

explore the Bible | disciple/mentor young people | review and develop training programmes | develop missions programmes | improve relationship with the local church | work with churches to equip for engagement with local schools
