

## Missions Training Day (28<sup>th</sup> May 2011)

'Let's Get Going' is a training day which should help people who are joining their first Mission team and those who have been part of teams many times already. We are particularly keen for you to come as a team from your Mission and return with new ideas, best practice from around the country and having had opportunity to network and share their experience with others. Our focus this year, 'Let's Get Going', will spur us on to think in fresh ways about reaching out to children and young people and encourage you to think about more than just your week of Mission.
