REGISTRATION

For more information on hosting esports as a mission please email

missions@suscotland.org.uk

SU Scotland will provide marketing templates for you and handle event registrations for young people through the SU Scotland website.

COST

As you appreciate an event or series of events would cost quite a bit to put on. We anticipate that the hosts would spend approximately £10 per person for hospitality. To enable us to continue to grow the mission programme and help towards the costs we suggest a donation of £50-£200.
